

Sample Workshops

Reading the World through the passion of Story
what inspires us to write and how do we get started

Math and Music

creating meaningful connections between what we hear and create
and the many ways it can be represented through measurement

Fairy Tales

an interactive discovery of sound scapes and the instruments in the orchestra

The Four Seasons

as shown through adventures in the outdoors and the changing
Flora and Fauna

Forest Ecology

discover how a forest regenerates after a forest fire and participate
in a percussion extravaganza

Hearing and Sound

look and listen to pitch, timbre, frequency and vibration
through the eyes and ears of a musician

Representation through Music

take a Safari through Africa with your ears

Canada Past and Present

take a musical journey using the folk songs of Canada

Music in the Arts-Integrated Classroom

discover new ways to integrate music into your school curriculum
